terrahomme™ The House of Terracotta

FROM SOIL TO STRUCTURE

Born from earth,
crafted by hand—Terrahomme brings nature's raw beauty into
architectural form. Our natural brick blocks celebrate durability,
texture, and timeless warmth, designed to breathe life into both
modern spaces and traditional structures.

Our Intro

TerraHome is a premier manufacturer and suppliers of high quality terracotta products. Located at Morbi, the hub of clay products for constructions, the company has been experts in clay technology. Founders of the company have operated multiple businesses in ceramic and clay products. From roof tiles to decorative elements, they have attained mastery in clay forming and products.

TerraHome is a fresh startup with innovative clay products of terracotta. The company has invested heavily in design, research, development and machinery for producing products that last long and remain beautiful throughout their life.

Primary products of terrahome in market are Terrcotta Jaalis and Terracotta tiles.
